

Our Long Term Objectives

The long-term goals below have been formulated after considering the Department's Mandate and Mission, Government policies, the needs of our clients and other interested parties, the environment we operate in and the organisation itself.

1. Expenditure Control

To control expenditure within appropriations

2. Revenue Maximisation

To maximise the generation and collection of non-tax revenue

3. Financial Systems

To develop, implement and maintain sound financial systems for Government

4. Financial Advice and Information

To provide sound timely financial advice and information

5. Staff Financial Management Capacity

To increase and strengthen the managerial and operational capacity of staff responsible for financial management in government

6. Efficient and effective departmental management

To be an efficient and effective department providing timely and responsive services
