8. CHALLENGES

- Public Service General Orders require all public sector employees to have a career plan in place – their respective departments and training should be linked to career paths. - Department of Finance is operating within limited resources which may constrain, among other things, remuneration options. Other Public Service imposts may, from time to time, similarly constrain resourcing and development capacity. In addition, gaps created as result of staff turnover or staff undertaking long

term study can influence priorities and resource allocation. It is important that people are aware of the potential impact of a broad array of resource limitations.

- Contribute to identifying and acquiring the skills and knowledge to perform tasks to produce the desired output. Ensure that all supervised staff are trained on the operation of all specific IT or other tools relevant to efficiently undertaking their roles and responsibilities.
- All staff needs to be trained on how to operate and use Integrated Financial Management System (IFMS) as business users to fully understand how IFMS works, how to run reports as most expenditure reports are now on IFMS and to convey relevant information to Government agencies already on IFMS.
